• Accept all activities indicated in the learning agreement as counting towards the degree, provided these have been satisfactorily completed by the mobile student.

• Provide, free-of-charge, incoming mobile students and their sending institutions with transcripts in English or in the language of the sending institution containing a full, accurate and timely record of their achievements at the end of their mobility period.

• Support the reintegration of mobile participants and give them the opportunity, upon return, to build on their experiences for the benefit of the Institution and their peers.

(1 credit = 25 hours total work)
1 full academic year = 60 credits
1 semester = 30 credits
3 months = 20 credits
Grading distribution will be provided by student’s Transcript of Records.

**Universidad de Cuenca 995058011**

Universidad de Cuenca has its regulation of credit system comprising the Functional organization, Academic organization and Student assessment. Each credit is equivalent as 16 presencial hours of classes. For the academic bachelor's degree or college graduate approval at least two hundred and twenty-five (225) credits is required academic program. In addition, you must do the work of corresponding degree, with a value of twenty (20) credits, comply with the hours of pre-professional internships and links with the community in the fields of specialty; and sixty (60) hours of academic or administrative service. The boards of each faculty plan and regulate the hours of compulsory apprenticeships.

The number of hours per week will comprise up to 30 hours, including theoretical and / or practical hours. This value is the number of credits programmed in the semester. The approval will be for subjects offered in cycles, and receiving examinations will be held as part of the school calendar established.

The learning process during a semester will be graded on one hundred (100) points in total. Of which, 50 points will evaluate the use (learning activities developed in the process); 20 points correspond to an examination or work intercycle and 30 points exam or final work. In practical subjects, the evaluation on 100 points at the end of the cycle is recorded. In this case there is no possibility of suspension. To pass the subject the student must complete at least 60 points, added the achievement scores, the test or intercycle work and exam or final work. For the final exam, students must complete a minimum of 30 points, added notes or intercycle use and examination work. Failure to complete the 30 points of the asignture.
